Solution

# STABUSTRAP®

Pallet elastic stretch band

- ▶ **Performance** : A limited amount of STABUSTRAP® required to **stabilize heavier products**.
- ▶ **Savings** : **Cost savings** advantages versus stretch film.
- ▶ **Eco-friendly** : STABUSTRAP® is **recyclable**, small amount needed to reduce the strength of your packaging material.
- ▶ **Fast** : STABUSTRAP® can be **applied in seconds**.
- ▶ **Universal** : works with **all kinds of packaging**, boxes, cans, bags, pails etc..
- ▶ **STABUSTRAP® reduces volume of your secondary packaging materials** - Ideal for your internal transport operations.
- ▶ Manually applied without additional equipment.

## SPECIFICATION

	STABUSTRAP®	STABUSTRAP® <i>Heavy</i>	STABUSTRAP® <i>Light</i>
Thickness (µm)	40	60	25
Width (inch)	4"	4"	4"
Length* (inch)	48" for palletized load areas between 5' and 10'		
	55" palletized load areas for 10' and more		
Break force	++	+++	+
Application	Standard in 90% cases	For heavy duty & unstable loads	For packaging sensitive to compression

## PACKAGING

Rolls of pre-cut units, packaged in a cardboard box dispenser

Length 47"	100 units per box	60 units per box	135 units per box
Length 55"	85 units per box	50 units per box	115 units per box

# MIX & MATCH STABUSTRAP®

## GLOBAL STABILIZATION SOLUTION

Combined with other CGP COATING INNOVATION products such as STABULON®, STABUFILM® or STABUFOOD®, STABUSTRAP® offers a perfect solution for logistical challenges for palletized loads.

## STABUSTRAP®, A TRUE SUCCESS STORY

### RESEARCH, DEVELOPMENT AND TECHNICAL VALIDATION

*"Our goal was to develop a cost-effective and eco-friendly product to stabilize loads while reducing packaging waste. This research project led us to run extensive tests in both our factory-based laboratory and extrusion installations.*

*After 18 months of development, STABUSTRAP® has been perfected. STABUSTRAP® meets all the requested specification sheet criteria, while obtaining a competitive price for customers".*

**Christian SITZ**, R&D Manager

*"Thanks to our Technical Center, we proved the effectiveness of STABUSTRAP® by building pallet loads with STABUSTRAP® simulating real word shipping conditions. These tests were conducted on all types of shipping (road, air and ocean)".*

**Jean Louis PORTEFAIX**, Technical Center Manager

### A REAL ECOLOGICAL AND ECONOMIC ALTERNATIVE TO STRETCH FILM

*"STABUSTRAP® reduces the weight of packaging while providing safety, savings and an ease of use to our partners. STABUSTRAP® is a win/win product for both the planet and our customers."*

**Frédéric FROISSART**, CEO
